BOWLING

EXPERIENCE BOWLING

MAKE IT SOCIAL

Social bowling is what the new generation of Bowlers are looking for and Experiential leisure is the fastest growing sector in the leisure and entertainment industry. Guests need the 'drink, dine and bowl' experience along with an ambiance that caters to their overall experience which plays a critical role when designing venues to ensure guests keep coming back for more.

Successful bowling centers develop an environment that draws customers in and keeps them coming back thus driving F&B. So whether you're modernizing an existing center or building the next Social Bowling Experience, we offer everything you need in collaboration with Brunswick, from the front desk to the pinsetters. With over 21 years of experience and a proven track record of supporting and reimagining the bowling industry, we are the best known and most trusted name in the game, adding value to every aspect of your business.

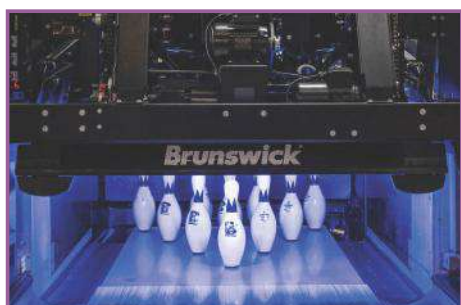

PINSETTERS

GS NXT PINSETTER

The GS NXT is the next generation of free fall GS® Series pinsetters. Brunswick's years of experience, advanced engineering expertise, and ability to integrate the latest technology have culminated in the most forward-thinking pinsetter ever designed. The GS NXT delivers all the advantages of GS Series pinsetters, with improvements designed to reduce labor requirements, enhance the guest experience, reduce the cost of ownership, and provide peace of mind. The Brunswick GS NXT is the only free-fall pinsetter powered by technology capable of growing with your center's evolving business needs.

Simple to maintain

Easy access to all motors and drivetrains from the lane surface

Unsurpassed Reliability

GS NXT's mechanical scoring ensures that bowlers' scores are always accurate.

Extreme Efficiency

GS NXT runs on three-phase power for higher quality, more efficient motors and only requires one source to power two pinsetters.

STRINGPIN PINSETTER

Simple to Operate:

Features a simple design with fewer moving parts, a touchscreen with an intuitive user interface, and state-of-the-art safety features.

Reliable:

Exceptionally reliable, with a self-detangling mode allowing less downtime. Spare parts can be easily replaced on site.

Future-Proof Technology:

The 360 Controller provides real-time machine setting control and troubleshooting.

Enhanced Guest Experience:

Exclusive on-demand pin setting lets bowlers enjoy games and league training features that require complex pin arrangements.

SPARK® LIGHT IT UP

NEW AUGMENTED GAMES

Spark's fast, fun, engaging games encourage socialization while letting bowlers choose their own adventures. Guests can select their Spark experience directly on their Sync tablets, choosing from more than 15 animation themes and even projecting their own photos onto the lane.

Spark also brings your guests' favorite Sync games to life on the lanes, from the mass appeal of Angry Birds to the team-building competition provided by Rival Rumble, Spark turns the lane into an interactive part of the scoring experience.

Bring your spark with Sync Games

HARDWARE PACKAGE

Revolutionary on-lane projection experience combined with Spark's hardware automation simplifies ongoing management, and advanced laser projection technology lowers total cost of ownership.

- No moving parts, no components accessible to guests
- Operate using existing Sync scoring tablet
- 4 Spark nodes per lane pair, each containing an integrated projector, tracking sensor, and IR lighting
- Light Ring at the base of each node indicates the system status as well as any errors
- 20,000+ hour laser projector lamp life

SYNC® PRIMA™

THE NEXT GENERATION OF THE INDUSTRY'S FASTEST-GROWING SCORING AND MANAGEMENT SYSTEM.

Sync Prima, the latest release of Brunswick's transformative center operating software, introduces an array of new and enhanced features developed to elevate the guest experience while improving operational efficiency and profitability.

Prima leverages the latest mobile and self-service technologies to introduce enhanced service features that deliver the convenience, personalization, and peace of mind your customers expect. Consistently satisfying these expectations builds customer loyalty, which leads to guests staying longer, returning more often, and spending more per visit.

ATTRACTION MANAGEMENT

Sync's new attraction management feature enables you to sell and manage access to diverse attractions like trampolines, soft play, or ropes courses. Guests will love the seamless check-in and check-out process, which also includes the ability to pay any overtime fees automatically, reducing the need for staff assistance and elevating the customer experience.

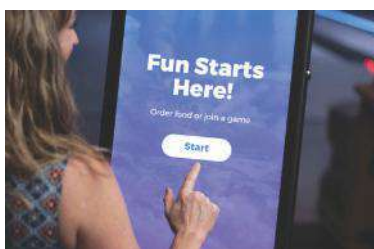

DIGITAL WAIVERS

The cloud-based digital waiver can be used for any of your attractions, such as ropes courses, ninja warrior gym activities, trampolines, and other extreme sports requiring legal sign-off before participation. Guests can sign the waiver from any mobile device or PC before they arrive. Sync's release liability waiver is customizable, allowing you to collect the information you need.

MOBILE SERVER STATIONS

Sync MPOS tablets are rich with features that your staff will love! MPOS can now issue and extend lanes, making it the perfect operational fit for a bowling entertainment center. Staff can freely move throughout the center, engage with customers, upsell additional services, issue new or extended bowling sessions, and process payment and event gratuities all on one tablet without returning to the front desk.

SYNC SERVICE KIOSK

Our new self-service kiosk was designed to alleviate labor concerns while enhancing the guest experience. The fully integrated, automated technology reduces wait times, streamlines ordering, improves accuracy, and upsells on every transaction, all while offering the instant gratification your guests seek.

OPENLANE®

OpenLane® mobile app increases customer engagement by making it easier and more rewarding to stay connected with your center. Users can sign onto waitlists for bowling, restaurants, or other attractions, track and share scoring achievements, earn reward points based on spend and activity, and access exclusive specials and coupons.

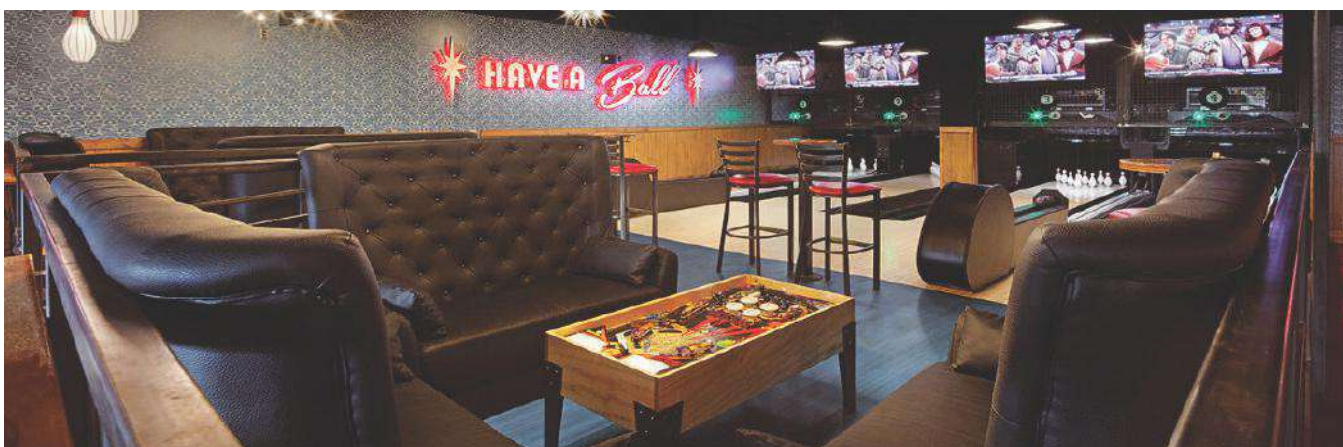

ORDER NOW

OrderNow provides lane-side on-demand food-and-beverage ordering from the scoring tablet. Bowlers can easily access your full menu in a highly visual and interactive format to order and reorder as they choose.

FURNITURE

Center Stage™

Outstanding performance, flexibility, and show-stopping style. Give every customer the best seat in the house with center stage.

Center Stage bowling furniture includes a wide variety of modular and freestanding components that can be arranged in practically infinite ways to meet your center's needs.

Make quick set changes in minutes to set up for league bowling during the day, a party on several lanes at night, and open bowling the next day.

Center Stage offers a wide collection of fabrics, finishes, and optional features that make it an even more versatile and popular.

LANE SYSTEMS

Improve scores, eliminate downtime for repairs, and make your center gleam with the best-selling bowling lanes ever made. Whether you choose Pro Lane™ - the best-selling lane of all time or Anvilane™ - the solid value choice, you won't be disappointed.

Pro Lane

Anvilane

Colorfull™

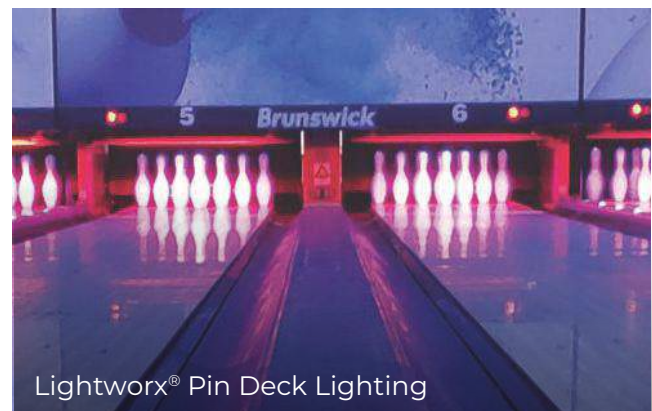

For a more sophisticated feel, you can also create lanes in a wide variety of wood grain options or turn up the fun by creating bright, colorful lanes using almost any color in the spectrum.

DUCKPIN SOCIAL

THE BRAND-NEW AMENITY THAT DELIVERS ALL THE FUN OF BOWLING IN FAR LESS SPACE.

Duckpin Social bowlers use a smaller-sized ball without finger holes, and each player is allowed up to three rolls per frame. Duckpin Bowling is easier and more approachable than traditional bowling. Like bowling, Duckpin Social appeals to young and old, drives food and beverage sales, keeps guests on the property longer, encourages repeat visits, and builds guest loyalty.

COST SAVING

With Duckpin Social lanes, you will need far less space to create an all-age group bowling experience, thus saving on space to add more variants to your operations and space rentals.

DYNAMIC

Designed for restaurants, bars, entertainment centers, resorts, community living—anywhere and everywhere, people gather for fun. Delivers maximum fun (and revenue) in a mere one-third of the space required for standard bowling.

CAPTIVATING

Players don't need to hunt for a particular ball (one size fits all) or rent shoes (wear your own!). Easy for kids to enjoy but challenging for adults to master.

DISTINCT

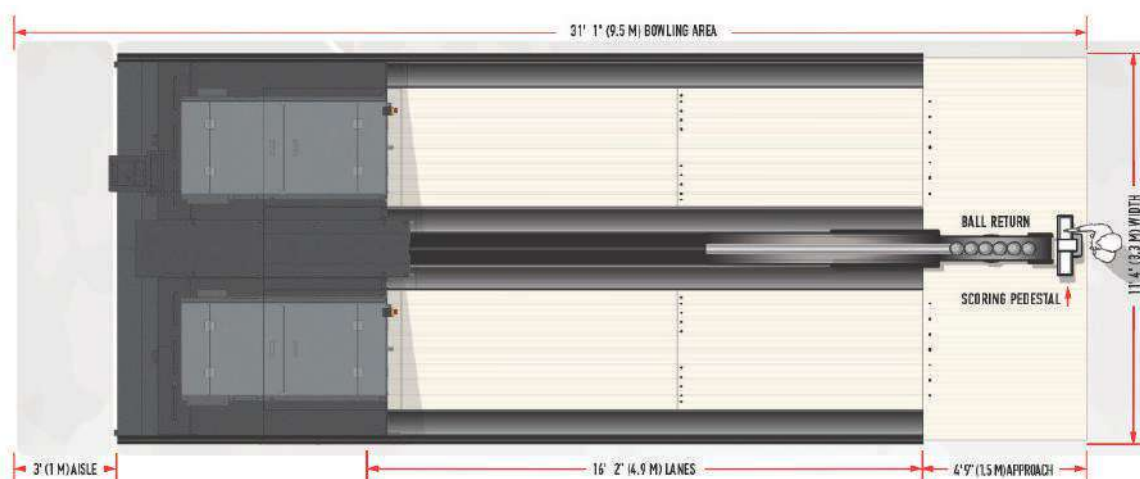

With hundreds of entertainment options, customers seek social, engaging experiences; Duckpin Social creates a unique and lasting impression that builds loyal customers.

REWARDING

Sync Scoring tablets drive F&B revenue with on-demand service, while the Sync Center Operating System's automated, cloud-based marketing platform cross-promotes, upsells, and keeps your business top of mind.

EASYGOING

Duckpin Social's compact, durable StringPin pinsetter features fewer parts and adjustments than the traditional kind; it even auto-detects any tangles and automatically rights the pins.

doubling up as a Premium
interactive coffee table too!

A CLASSIC GAME OF PONG TO BE ENJOYED BETWEEN FAMILY & FRIENDS

ATARI PONG ARCADE TABLE
87D x 142W x 80H CM

SKEE-BALL

AN ARCADE CLASSIC COMES HOME

Skee-Ball Home Arcade offers the fun of a retro favourite in a size that fits your space—game room, playroom or finished basement.

Colourful LED lights create a festive display, spelling out the rules for six game options.

One to six players can compete at a time, and the underside of the table will glow with a unique colour for each.

A black cork ramp, wood-grain style balls and jaunty racing stripes complete the look.
